REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Upon reconsideration of the prior art of record, it has been determined that the claims are not anticipated or deemed obvious over the prior art in which the claimed invention requires a staple manufactured such that a unitary structure is formed including a fastener and a uniform coating, as opposed to the prior art which discloses a uniform coating on fasteners, wherein the coatings of adjacent fasteners are adhered together. The present invention includes a method of forming a separate uniform staple structure comprising the steps of providing a staple body, uniformly coating the body with a dielectric coating and bending the staple body into the shape of a staple having legs, the coating thereafter adhering to the body thus forming an integral unitary structure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
